

Organic Pilose Asiabell Root (*Codonopsis pilosula* (Franch.) Nannf.)

Harvested in the autumn, its long and sweet taproot is a constituent of Radix Codonopsis, an herbal mix used to improve appetite and energy. Besides, due to its same properties of curing qi deficiency in chronic disorders with Ginseng, but much cheaper than Ginseng, and called "Poor man's Ginseng".

With unique geographical advantage, Boherbs could provide organic Codonopsis pilosula root with pesticides free and rich in content.
